

Struggling to help someone with **SERIOUS MENTAL ILLNESS** accept treatment?

LEAP[®] Training

(Listen-Empathize-Agree-Partner)
based on Dr. Xavier Amador's book

Learn the #1 reason people refuse help — "anosognosia" and how to **create trusting relationships that lead to treatment and recovery!**

LEAP[®] IS AN EVIDENCE-BASED APPROACH TO HELP YOU

- Identify anosognosia vs. "denial"
- Lower anger & paranoia
- Quickly establish trust & compliance
- Reduce involuntary hospitalizations

Courses will be arranged based on demand – send an email if interested.

Courses for family members are approximately 6 hours – either two weekday evenings or a Saturday.

A 2½ hour course for health care professionals can also be arranged.
